

FINGER LAKES BUS SERVICE

Finger Lakes Bus Service has the most expansive route system in Ontario County. We provide transportation to the wide range of community services we offer, including Day Services, Community Learning Centers, college programs and work crews. Many of these routes are open to public passengers, with no fare.

We provide daily contracted transportation to other community services, such as Finger Lakes Health's Adult Day Program. Occasional and one time transportation or shuttle services are also available for any organization or individual. Finger Lakes Bus Service is available for weddings and other events. Our vehicles are completely wheelchair accessible and meet the highest securement standards.

We are an approved transportation provider for medical appointments with Medicaid providers, including out of county medical appointments. Requests are made through the Medical Answering Service (MAS) 1-855-733-9402. Individuals can specifically request that Finger Lakes Bus Service be their transportation provider.

The goal of Finger Lakes Bus Service is to provide the highest quality transportation service for our community. We take pride in our vehicles, safety record, and trained and compassionate drivers!

Our Team: 25 Experienced and well trained drivers and 3 supervisors.
