

JET CONNECTIONS

A community-based introductory pre-employment program offering pre-employment training through exposure to various workplace settings, volunteer opportunities, informational tours and work readiness discussions.

Program Highlights

JET Connections FLIGHTS are designed to offer a variety of experiences related to a particular career path such as:

- Retail
- Customer Service
- Food Prep
- Animal Care
- Housekeeping
- Community Service
- Production
- Etc.

The expectation is that individuals will travel through several FLIGHTS of their choosing each year. Throughout the FLIGHT, each person will work on a PASSPORT binder that will capture details of their FLIGHT experience, what they liked and disliked, their strengths and challenges, how they managed barriers, and so forth. When the time comes for the person to move toward job development supports, they will already have a portfolio to initiate the next step.
