

# TRANSITION SERVICES

To help make the most of a student's move from school to the world of adult services, The Arc Ontario's Family Support/Intake Coordinator is ready to assist in exploring the programs and services that will help students reach their goals. No matter what path they choose, The Arc Ontario will be there every step of the way.

We can work cooperatively with a student and their family directly and also with your school to assist in connecting you to services:

- Day Services - Encourage community involvement and skill development. From art, music, and horticulture, to volunteering, the opportunities here are endless.
- Recreation Activities - A variety of activities fun and balanced exploration, building friendships, and social and motor skills.
- JET (Job, Exploration, & Training) Programs
- Career Opportunities, Development, & Vocational Assessment
- The College Experience - Get started on the path to a career at Finger Lakes Community College & Hobart & William Smith Colleges.
- Project SEARCH - A nationally-renowned program designed to support young adults with disabilities or other challenges as they seek to expand upon their employment skills and start their career.
- Residential Opportunities in both independent and traditional housing.
